

MEGLA - POL

Floor care with long lasting shining film

Ingredients:

MEGLA – POL contains: : less than 5% non-ionic surfactants. Contains preservatives. Other components: polymers, waxes, film-forming agents and perfume oil.
pH-value: approx. 8,5

Performance:

MEGLA-POL builds a hard, elastic protective film, exceptionally adhesive and waterproof. Ideal basis for damp and wet cleaning of linoleum floors. Resistant to foot marks. Prevents dirt accumulation. Extremely hard wearing. Durable shine. Slip resistant thanks to special waxes. Removes eventual scratches when used with super running machines.

Application notes:

For coating of all waterproof floors. Ideal for linoleum floors. Do not use on varnished stone floors and unsealed wood.

Usage:

Apply MEGLA-POL 2 or 3 times thinly on thoroughly cleaned floor with the appropriate machine (i.e. lambskin or mop). Leave to dry.

Ideal basis for damp and wet cleaning with a 1% solution of FR 66, TAMAT or SR 13. MEGLA-POL can be used in super-high-speed methode, in a 1:1 to 1:3 dilution. Floor cleaner can be

For floor stripping, we recommend QUICK-STRIPPER, GR´S or LINAX plus.
