MATHIOstone®
only nature can copy us

Inspiration...

makes the difference.

And ours is endless. Because we create inspired by nature. Uniqueness, perfection, harmony become the foundations of our philosophy for products that make the difference from the first glance.

Quality...

makes the difference.

And it is strongly bonded with our products in an everlasting relationship that accepts no compromises. The outstanding recognized quality is our main target and the strongest link in our productive chain.

Style... makes the difference.

That's why the contemporary functional design, the clean-cut lines, the modern colors, the originality are the basic characteristics of our products' identity.

Over the last 120 years we create based on the same philosophy. This combines business initiative with artistic sensitivity and experience with research and development. We are devoted to defining perfection and we express our opinions through the giant collection of structural and decorative material we produce. Because each of them is a unique decorative or architectural proposition.

Each product either handmade stone veneer or bricks is a unique solution to express yourself and create Beauty... Perfection... Harmony... In your everyday environment. In a way that makes the difference.
