

SPRÜH - EX

Carpet cleaner for spray cleaners

Ingredients:

SPRÜH – EX contains: less than 5% anionic surfactants, non-ionic surfactants, soap, fragrance, benzisothiazolinone, methylizothiazilinone, limonene, citral, alpha – isomethyl lonone, benzyl alcohol.
pH-value: approx. 8.

Performance:

Very efficiently dissolves, emulsifies and removes even stubborn dirt and stains from carpets. Free of optical lighteners, bleach additives, solvents and polymers. Low-foaming. Pleasant fragrance.

Application notes:

For all moisture-resistant textile coverings made from natural and synthetic fibers.

Usage:

Thoroughly vacuum textile floor covering (if possible, use brush vacuum). Test an inconspicuous area for color fastness and moisture resistance. Carry out cleaning process according to the manufacturer's instructions using a spray extraction machine (SPRÜH-EX can be used in all the usual spray extraction machines on the market) and 2% SPRÜH-EX solution (= 200 ml to 10 liters water).

For very heavy soiling, repeat the process if necessary. For gentler removal by spray extraction, spray stubborn stains beforehand with FLECK-EX top. If there is excessive foaming in the waste-water tank, add ENTSCÄUMER to the waste-water pipe, waste-water tank or injector (Caution: ENTSCÄUMER must not get into the tank of cleaning solution or onto the carpet). The cleaned carpet should not be walked on during the drying time.

Ecology:

This product is subject to regulations governing the environmental compatibility of washing and cleaning agents and the associated regulations on the biological degradability of the raw materials used.

Comprehensive information about the environmental characteristics of this product is available on request.

Give only completely packaging to special waste disposer.

This product is designated for industrial use.

Product code: GT 10
