»CUPOLA«

TAKE YOUR PLACE WITH THE AVANT-GARDE.

It is Rosenthal's philosophy that all beautiful objects in daily use deserve the application of creative aesthetics. In this way, the discriminating demand which each individual porcelain item makes is combined with the most outstanding characteristics for use in everyday life. With the trend-setting form »CUPOLA«, top Milan designer Mario Bellini points the way to the future. Details born of function lend the structural clarity of the basic shape an almost sculptural character. The ingenious tactile quality of the diagonally curved handles, the domed lid geometry, the striking spouts and the singularly practical profile of the plates – Italian design of the very best with a deliberate functional emphasis.

PRECIOUS EFFECTS!

»BANDOLA«: MEDITERRANEAN MOMENTS.
DECORATIVE DESIGN IN TOPICAL COLOURS, SUITABLE
FOR USE IN BOTH MICROWAVE AND DISHWASHER.

»NERA« – BLACK OUTLINES WITH GOLD-SHIMMERING
ACCENTS. A VERY FINE DECORATION FOR DISCERNING
GOURMET GASTRONOMY.

»Bandola«

Avant-garde design with noble accents: »CUPOLA NERA«. With concise contours, the Indonesian artist Yang emphasises the distinctive geometry of the basic shape. Golden squares dramatically highlight key geometric aspects – sparkling moments for the year's festive occasions.
