

Selection Guide for Heraeus Deuterium Lamps

OPTICS + ANALYTICS

Heraeus' broad range of deuterium lamps fulfils all of the needs of instrument manufacturers: standard or extended lifetime, quartz glass or UV glass envelopes, optional see-through versions and many specialist lamps e.g. for very short wavelengths (vacuum UV) or boosted output.

Our selection guide helps you to find the right deuterium lamp in terms of materials, geometry and operating parameters.

High Stability Deuterium Lamps – Lifetime 2000 hours*

Heraeus long-life deuterium lamps combine a guaranteed lifetime of 2000 hours with unmatched stability of the output over the entire life. This sets them apart from many other long-life lamps on the market and makes them the ideal choice for high-end HPLC instruments.

* The guaranteed lifetime is defined as the time in which the radiant power of the lamp has dropped to 50% of its initial value measured at 230nm and 300mA operating current.

High Intensity Lamps - Lifetime 1000 hours*

Heraeus high intensity deuterium lamps with the new “Enhanced Lifetime Performance” (ELP) technology maintain twice the residual intensity compared to standard D2 lamps at the end of life. It provides a particular advantage in the deep UV region between 160 to 230nm for all Heraeus D2 lamps with synthetic quartz window.

See-Through Deuterium Lamp Types*

The see-through type lamp offers a straight-line arrangement of a tungsten halogen lamp, deuterium lamp and optical system.

** The guaranteed lifetime is defined as the time in which the radiant power of the lamp has dropped to 50% of its initial value measured at 250nm and 0.9A operating current.

Examples of prealigned Replacement Deuterium Lamps

To find the right lamp for your instrument, please use our online Lamp Finder at www.heraeus-noblelight.com/analytics. Heraeus deuterium lamps are available in precisely pre-aligned versions as replacement lamps for almost all suitable instruments. You will also find a comprehensive list of approved replacement lamp distributors at our website.
