# Smoke 'n Go smoke table

## Subtlety in functionality and design

Electrolux creates a pleasant environment for smokers as well as non-smokers in companies, organisations and facilities.

Whatever your smoking policy, the total solution of ELECTROLUX' Smoke 'n Go, fits perfectly in your company or organisation. You can select from a complete line of innovative appliances ranging from smoke cabins and air cleaners to a large selection of exclusive smoke tables and ashtrays. Indispensable for instance in a professionally equipped smokers' room.

### Smoke 'n Go smoke tables:

Smoke tables combine stylish design and a solid appearance with sturdy construction and integrated, odourless and self-extinguishing ashtrays. Cigarette and cigar ends disappear and no traces of smoke or stale odours remain.

Smoke table: Heavy Duty Granite  
Lean-to type  
Height: 1093 mm  
Dimensions tabletop: 800 x 475 mm

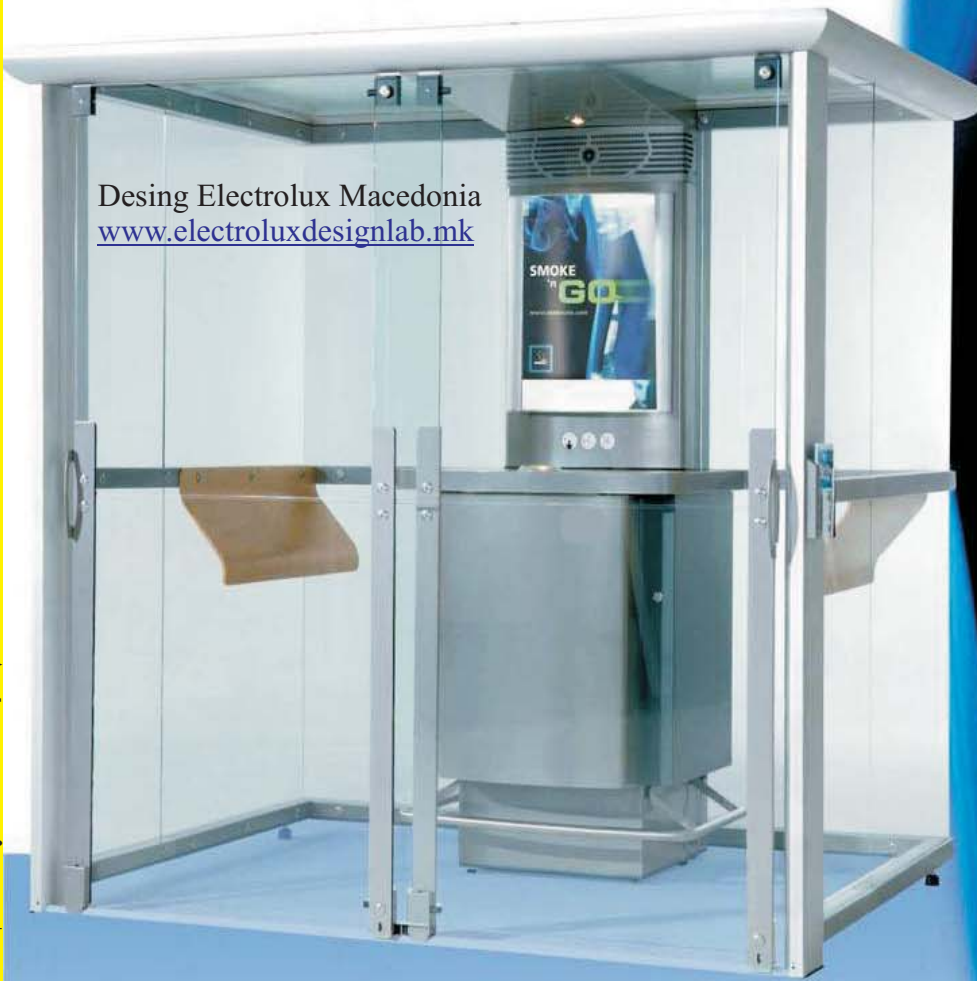

Smoke table: Heavy Duty Granite  
With extra ashtray capacity (30 l)  
Height: 1093 mm  
Dimensions tabletop: 800 x 475 mm

Transparent design

Efficient filtering

Odourless ashtray

Various models

Low noise level

Various accessories

Push/pull-system

#### Various models

The smoke cabin can be flexible fitted in inside any interior: the standard version of the cabin has transparent walls; other colour schemes can be accommodated on request. The smoke cabin is provided with lighting. For situations in which smoking is only allowed in closed rooms, the smoke cabin can be equipped with sliding doors. Self-closing doors are also available.

#### Variety of accessories

Smoke 'n Go stands for 'having a quick smoke comfortably'. Foot and lean-to supports and even a lit display with information (about the company) can be installed extra into the smoke cabin to increase the comfort even further.

#### Filtration at low noise levels including a detection sensor

The smoke cabin carries out its air cleaning job efficiently and practically noiseless. The automatic start/stop ensures that air cleaning only takes place when somebody is actually present in the Smoke 'n Go smoke cabin, thus saving energy!

#### Efficient and cost saving

The Smoke 'n Go smoke cabin has an open appearance so that smokers do not feel left out. Those in need of a smoke break do not need to go outside but instead they can stay near their location of work. In addition, the costs per smoker are low – the smoke cabin hardly occupies expensive floor space.

#### Odourless ashtray

An important component of the Smoke 'n Go smoke cabin is the ingenious odourless ashtray: still-burning cigarette and cigar ends disappear without a trace of smoke or annoying smells remaining. This also enhances the fire safety in your company. The ashtray has a capacity of several thousands of cigarette ends.

#### Push/pull-system

The smoke cabin is equipped with a push/pull-system. Fresh air is blown in on one side, while on the other side smoke is extracted. This constant air flow prevents any smoke to linger.

# Smoke 'n Go ashtrays: odourless and self-extinguishing

These modern, stylish ashtrays are self-extinguishing and fireproof, and are therefore suitable for use indoors and outside. A professionally equipped smokers' room should not be without a Smoke 'n Go ashtray. The appearance and image of your company entrance can be enhanced with an ashtray/waste bin combination, with no more cigarette ends littering the pavement. The odourless ashtray may be equipped with a sign indicating that one is now entering a smoke free building.

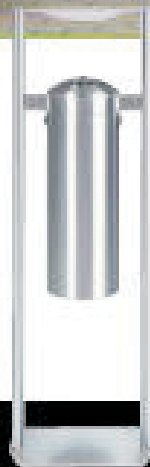

- Available in table, wall and stand types.
- Constructed from thick-walled hand polished stainless steel.
- Capacity: several hundred cigarette ends.
- Durable and resistant to acts of vandalism.
- Weatherproof.
- Facility for floor mounting.
- Certified fireproof.
- Optional:
  - waste bin (capacity 30 litres) with a self-extinguishing lid.
  - waste grid to prevent big litter in the ashtray.
  - lock set to prevent theft and vandalism.

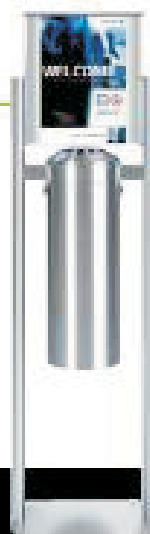

Ashtray: table type

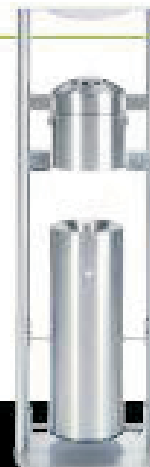

Ashtray: wall type  
Safe and secure, access with key only.

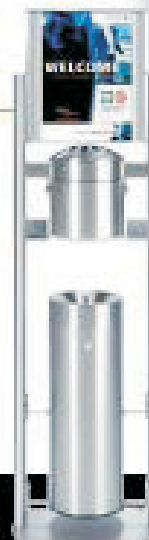

Ashtray (30 litres): stand type  
Prepared for floor mounting. Options:  
- waste grid  
- lock set

Idem but also including a perspex information panel indicating that one is now entering a smoke free building.
