

# iRobot Verro™ 100 Above Ground

Pool Cleaning Robot

## STANDARD FEATURES

- No installation required - no hoses, dedicated lines or booster pumps
- Powerful vacuum and self-contained filtration system pick up and trap leaves, hair, sand, dust, algae, bacteria and tiny debris down to 2 microns - that's 20 times smaller than the human eye can see
- Cleans independently, so your pool's pump and filter system work less, require less maintenance and last longer
- Increases distribution of chemicals and water temperature

## ADDITIONAL FEATURES

- Cleans flat-bottom, above-ground pools in 60-90 minutes
- Circulates and cleans 70+ gallons of water per minute
- 40-foot cable with Swivel Cord Detangler
- 1-year warranty

## SPECIFICATIONS

Verro 100 Dimensions: 20"L x 18.4"W x 11.7"H

## WHAT'S IN THE BOX

- iRobot Verro 100 Pool Cleaning Robot
- 40' Floating Power Cord with Swivel Detangler
- Transformer
- Fine Filter Bag (catches large and small debris down to 2 microns)

**Price: \$399.99**
