

Solutions for safety

Hotel guests are easy targets for criminals as they carry with them cash, jewellery and valuable electronics – such as laptop computers, digital cameras, mobile phones, and other expensive equipment. If these items are stolen, the lost data or the emotional value often is irreplaceable. Therefore guests of all hotel categories demand secure and private storage of their valuables in their rooms.

Full choice for every demand

Whether valuables, notebook or premium capacity, whether automatic opening door or key driven lock, whether combinations with miniBars or slide out safes for hotel room furniture: Dometic proSafes offer a perfect solution for every demand. Moreover: The user-friendly design for highest individual security lets your guests enjoy more convenience and improves the image of your hotel.

Dometic. The Satisfaction Network.

As the leading system supplier for comfort equipment in the hotel room Dometic's worldwide distribution network assures a successful in-room marketing. Almost 40 years experience and more than four 4 million installed miniBars speak for itself. Dometic focuses on high quality and long lifetime. Prime selected components guarantee the highest quality standard: That is why Dometic is known worldwide as the reliable partner for the hotel industry.

Professional security with Dometic proSafes

Dometic proSafes are especially designed for the requirements of individual in-room security. For the highest burglar-proof standard all our safes feature laser-cut doors and frames, safety-locks with two 18 mm steel pivots and a highly reliable sensitive keypad.

MD 360

The premium safe for premium guests

- Notebook capacity (24.5 l)
- Automatic motor locking
- Illuminated LED display
- 190 x 360 x 410 (H x W x D)
- Weight: 15 kg

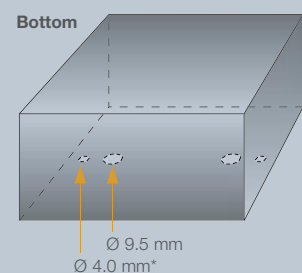

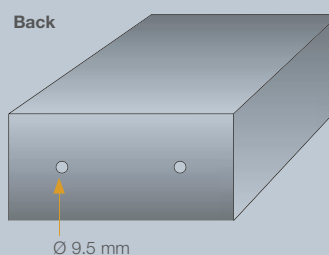

M 360

Perfect for business people

- Notebook capacity (24.5 l)
- Automatic motor locking
- 190 x 360 x 410 (H x W x D)
- Weight: 15 kg

■ Safe installation at the back and bottom

All Dometic safes have the option to be delivered with a fixing set. They are already prepared for easy and secure installation into almost every piece of furniture.

*Additional for safe-miniBar-combination

The safe solution

MD 280

The small sensation

- Valuables capacity (8.3 l)
- Automatic motor locking
- Illuminated LED display
- Compact size: 165 x 280 x 235 (H x W x D)
- Weight: 7 kg

Comfort and convenience

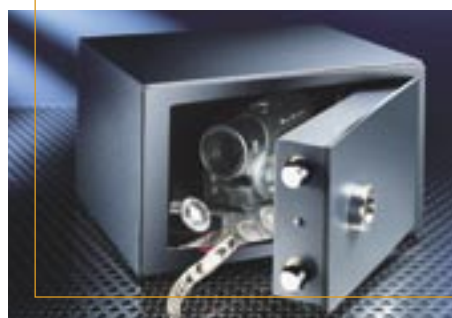

Most guests today expect the service for the discreet and individual storage of their valuables – without having to forward them to the hotel staff at the front desk. That is why Dometic in-room safes not only offer more security but also more convenience.

M 280

Minimum space, maximum security

- Valuables capacity (8.3 l)
- Automatic motor locking
- Compact size:
165 x 280 x 235 (H x W x D)
- Weight: 7 kg

280

The space saver

- Valuables capacity (8.3 l)
- Mechanical locking
- Compact size:
165 x 280 x 235 (H x W x D)
- Weight: 7 kg

Safe with style

Every hotel has a certain guest structure and a certain type of interior: The combination of safe and miniBar is ideal for hotels with a lot of business guests. Every proSafe perfectly matches the HiPro miniBar and guarantees highest safety and elegant design. Of course these premium capacity safes can also be delivered as stand-alone models – without the miniBar.

MD 405

The safe combination

- Premium capacity (22.4 l)
- Automatic motor locking
- Illuminated LED display
- 190 x 405 x 350 (H x W x D)
- Weight: 14.5 kg
- Mounted on top of a HiPro 4000 miniBar or as a stand-alone safe
- miniBar class: 40 l

MD 490

More safety inside

- Premium capacity (29 l)
- Automatic motor locking
- Illuminated LED display
- 190 x 490 x 370 (H x W x D)
- Weight: 18.5 kg
- Mounted on top of a HiPro 6000 miniBar or as a stand-alone safe
- miniBar class: 60 l

The slide out safe

This user friendly slide out safe works like a drawer. It is designed for easy integration into existing furniture. After the safe has been opened the inside drawer box is slid out for the most comfortable access to its contents. (Alternatively Dometic can also provide a ready-built furniture-safe-combination). A unique solution for high class guest comfort.

Options and accessories

More security, better insurance:

Once a guest checks in to a hotel, their belongings become partially the property's responsibility. If appropriate security measures are not provided, the property owner can be held liable for any loss. Therefore Dometic safes are built according to highest standard, guaranteeing more resistance in case of a burglar attack and offering better insurance possibilities.

Power for people

The plug with protective cover is located inside the safe. This allows recharging laptops, mobiles or digital cameras while they are securely locked in the Dometic proSafe.

Safe in every case

Security and easy handling are highest targets: To this effect we have developed our R.E.O.S. (Remote Emergency Opening System) which can be operated with a PDA. This system provides a dual security emergency opening system. The second available security backup system is our audit trail: This allows a follow-up of the last 64 operations performed in the safe with the optional printer.

Individual hotel logo

Our special service for you: We can customize the front door of the safe with your corporate visuals and also include your logo.
